Caution concerning forward-looking statements

Certain statements in this report, other than statements of historical fact, are forward-looking statements based on certain assumptions and reflect IGM Financial Inc.'s (IGM Financial, IGM or the Company) and, where applicable, its subsidiaries' and strategic investments', current expectations. Forward-looking statements are provided to assist the reader in understanding the Company's, and its subsidiaries and strategic investments, financial position and results of operations as at and for the periods ended on certain dates and to present information about management's current expectations and plans relating to the future. Readers are cautioned that such statements may not be appropriate for other purposes. These statements may include, without limitation, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Company, and its subsidiaries and strategic investments, including the indicative value per share of the Company and certain component elements thereof, as well as the outlook for North American and international economies, for the current fiscal year and subsequent periods. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "plans", "believes", "estimates", "seeks", "intends", "targets", "projects", "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may", "will", "should", "would" and "could".

This information is based upon certain material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection as reflected in the forward-looking statements, including the perception of historical trends, current conditions and expected future developments, as well as other factors that are believed to be appropriate in the circumstances. While the Company considers these assumptions to be reasonable based on information currently available to management, they may prove to be incorrect.

By its nature, this information is subject to inherent risks and uncertainties that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, that assumptions may not be correct and that objectives, including environmental and social, strategic goals and priorities will not be achieved.

A variety of material factors, many of which are beyond the Company's and its subsidiaries' and strategic investments' control, affect the operations, performance and results of the Company and its subsidiaries and strategic investments, and their businesses, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in North America and internationally, interest and foreign exchange rates, global equity and capital markets, management of market liquidity and funding risks, changes in accounting policies and methods used to report financial condition (including uncertainties associated with critical accounting assumptions and estimates), the effect of applying future accounting changes, operational and reputational risks, environmental and social risks, business competition, technological change including artificial intelligence, changes in government regulations and legislation, changes in tax laws, the impact of trade relations, unexpected judicial or regulatory proceedings, catastrophic events, outbreaks of disease or pandemics (such as COVID-19), the Company's ability to complete strategic transactions, integrate acquisitions and implement other growth strategies, and the Company's and its subsidiaries' and strategic investments' success in anticipating and managing the foregoing factors.

The reader is cautioned that the foregoing list is not exhaustive of the factors that may affect any of the Company's forward-looking statements. The reader is also cautioned to consider these and other factors, uncertainties and potential events carefully and not place undue reliance on forward-looking statements.

Other than as specifically required by applicable Canadian law, the Company undertakes no obligation to update any forward-looking statements to reflect events or circumstances after the date on which such statements are made, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

Additional information about the risks and uncertainties of the Company's business and material factors or assumptions on which information contained in forward-looking statements is based is provided in its disclosure materials, including this Management's Discussion and Analysis and its most recent Annual Information Form, filed with the securities regulatory authorities in Canada, available at www.sedarplus.ca.

Non-IFRS financial measures & other financial measures

This report contains Non-IFRS financial measures and non-IFRS ratios that do not have standard meanings prescribed by International Financial Reporting Standards (IFRS) and may not be directly comparable to similar measures used by other companies. These measures and ratios are used to provide management, investors and investment analysts with additional measures to assess earnings performance.

Non-IFRS financial measures include, but are not limited to, "adjusted net earnings available to common shareholders", "adjusted net earnings", "adjusted earnings before income taxes", "adjusted earnings before interest and taxes" (Adjusted EBIT), "earnings before interest, taxes, depreciation and amortization before sales commissions" (EBITDA before sales commissions), and "earnings before interest, taxes, depreciation and amortization after sales commissions" (EBITDA after sales commissions). These measures exclude other items which are items of a non-recurring nature, or that could make the period-over-period comparison of results from operations less meaningful. These measures also exclude the Company's proportionate share of items that Great-West Lifeco Inc. (Great West) excludes from its IFRS reported net earnings in arriving at Great West's base earnings. Base earnings is an alternate measure Great West uses to understand the underlying business performance compared to IFRS net earnings. Great West's financial information can be obtained in its disclosure materials filed on www.sedarplus.ca. EBITDA before sales commissions excludes all sales commissions. EBITDA after sales commissions includes all sales commissions and highlights aggregate cash flows.

Non-IFRS ratios include the following:

<i>Ratio</i>	<i>Numerator</i>	<i>Denominator</i>
<i>Adjusted earnings per share (Adjusted EPS)</i>	<i>Adjusted net earnings available to common shareholders</i>	<i>Average number of outstanding common shares on a diluted basis</i>
<i>Gross (Net) Debt/Adjusted EBITDA</i>	<i>Long-term debt (long-term debt less unallocated capital)</i>	<i>Adjusted EBITDA before sales commissions</i>
<i>Return (Adjusted return) on equity (ROE, Adjusted ROE)</i>	<i>Net earnings (Adjusted net earnings) available to common shareholders</i>	<i>Average shareholders' equity</i>
<i>ROE (Adjusted ROE) excluding the impact of fair value through other comprehensive income investments</i>	<i>Net earnings (Adjusted net earnings) available to common shareholders</i>	<i>Average shareholders' equity excluding the impact of fair value through other comprehensive income investments net of tax</i>

Refer to the appropriate reconciliations of non-IFRS financial measures, including as components of non-IFRS ratios, to reported results in accordance with IFRS included in the respective IGM Financial Inc.'s Management, Discussion and Analysis and other documents contained on slide 5, Documents incorporated by reference.

This report also contains other financial measures which include:

- **Assets Under Management and Advisement (AUM&A)** represents the consolidated AUM and AUA of IGM Financial's core businesses IG Wealth Management and Mackenzie Investments. In the Wealth Management segment, AUM is a component part of AUA. All instances where the asset management segment is providing investment management services or distributing its products through the Wealth Management segment are eliminated in IGM Financial's reporting such that there is no double-counting of the same client savings held at IGM Financial's core businesses.
- **Assets Under Advisement (AUA)** are the key driver of the Wealth Management segment. AUA are savings and investment products held within client accounts of our Wealth Management segment core business.
- **Assets Under Management (AUM)** are the key driver of the Asset Management segment. AUM are an additional driver of revenues and expenses within the Wealth Management segment in relation to its investment management activities. AUM are client assets where we provide investment management services, and include investment funds where we are the fund manager, investment advisory mandates to institutions, and other client accounts where we have discretionary portfolio management responsibilities.
- **Assets Under Management and Advisement Including Strategic Investments (AUM&A Including SI)** represents AUM&A including the Company's proportionate share of the AUM&A of strategic investments based on the Company's interest in the strategic investments. The strategic investments included are those whose activities are primarily in asset and wealth management, and include ChinaAMC, Northleaf, Rockefeller and Wealthsimple. Rockefeller client assets include assets under management and advisement as well as assets held for investment purposes and only receiving administrative services.
- **Net Debt** which consists of long-term debt less unallocated capital.
- **Non-fee-bearing assets** are institutional client assets for which the Company does not earn ongoing advisory fees. These assets are included for reporting completeness but do not contribute to recurring fee revenue.
- **Unallocated Capital** represents capital not allocated to any of the operating companies and which would be available for investment, debt repayment, distribution to shareholders or other corporate purposes.
- **Working Capital** which consists of current assets less current liabilities excluding assets and liabilities not reflective of ongoing operations.

Non-IFRS financial measures & other financial measures

Other items

Other items for the three months ended March 31, 2026 consisted of:

- (\$0.5) million reflecting the Company's proportionate share of items Great West excludes from its base earnings (Great West other items). Great West excludes items from its IFRS reported net earnings to arrive at base earnings, which are an alternate measure Great West uses to understand the underlying business performance compared to IFRS net earnings. Great West's financial information can be obtained in its disclosure materials filed on www.sedarplus.ca.

Other items for the twelve months ended December 31, 2025 consisted of:

- Great West other items of (\$18.2) million, including (\$4.0) million recorded in the first quarter.

Balanced approach to capital allocation

Return of capital to shareholders:

- Dividend of \$0.62 per share declared during Q1/26
- 2,830,000 shares repurchased during Q1/26
- LTM dividend payout ratio is 48% of adjusted net earnings and 56% of adjusted cash earnings²

Cash and leverage:

- Unallocated capital of \$1,011MM³
- Gross debt/LTM adj. EBITDA of 1.32x

1) Calculated as long-term debt (gross or net of unallocated capital) divided by LTM Adj. EBITDA before sales commission. See slide 96 for details. 2) A non-IFRS financial measure - adjusted cash earnings excludes other items (see slide 4), capitalized sales commissions amortization, and proportionate share of associates earnings, and includes cash commissions paid and dividends received from associates. ChinaAMC's proportionate share of earnings and dividend are net of 10% withholding tax and Northleaf is presented as economic interest, net of NCI. ¹ Morningstar Star Ratings reflect performance as of March 31, 2026 and are subject to change monthly. Morningstar Star Ratings are an objective, quantitative measure of a fund's historical risk-adjusted performance relative to other funds in its category. Only funds with at least a three-year track record are considered. The overall star rating for a fund is a weighted combination calculated from a fund's 3, 5, and 10-year returns, as available, measured against the 91-day treasury bill and peer group returns. A fund can only be rated if there are a sufficient number of funds in its peer group to allow comparison for at least three years. If a fund scores in the top 10% of its fund category, it gets 5 stars; if it falls in the next 22.5%, it receives 4 stars; a place in the middle 35% earns a fund 3 stars; those in the next 22.5% receive 2 stars; and the lowest 10% receive 1 star. For more details on the calculation of Morningstar Star Ratings, see www.morningstar.ca.

1) On May 17, 2018, the Global Quantitative Equity boutique began managing Mackenzie's emerging market offerings which were previously managed by a third-party sub-advisor. 2) Sub-advised. 3) Morningstar star ratings and percentiles are based on Morningstar and reflect all retail series (non-rated funds excluded from the calculation). Refer to slide 46 footnotes for methodology details. Asset-weighted percentiles are based on retail assets and illustrate Mackenzie investment fund gross returns relative to gross returns of other funds in the same category. Management believes that a comparison using gross returns is more reflective of investment performance relative to peers. This is for illustrative purposes only to assist in assessing the portfolio management capabilities of Mackenzie Investments and its affiliates (generally) and is not intended to provide performance information to investors considering investing in one or more of Mackenzie's funds.

1) A non-IFRS financial measure - see Non-IFRS financial measures and other financial measures section on slide 3. 2) Includes net earnings from other investments in associates and Operations & Support expenses allocated to the Wealth Management segment. 3) ChinaAMC is presented net of 10% Chinese withholding tax and Northleaf is presented as economic interest, net of NCI. 4) Includes Operations & Support expenses allocated to the Asset Management segment. 5) Primarily comprised of returns on unallocated capital. 6) Rockefeller investment is held in USD and the value presented represents a US \$847MM equity interest following the close of the transaction that was announced on October 14, 2025. The equity interest has been translated to CAD using the March 31, 2026 USD/CAD FX rate of 1.392. 7) Economic interest is presented net of certain partnership costs. Economic interest using the treasury method includes options that are in the money and assumes option proceeds are used to repurchase shares. IGM Financial holds a 22.3% fully diluted economic interest as of March 31, 2026 (23.4% as of March 31, 2025). 8) Represents the fair value of IGM Financial's investment based on the Wealthsimple equity round, inclusive of IGM's \$100MM incremental investment, announced on October 27, 2025, presented net of certain partnership costs. Includes IGM's combined direct and indirect interest in Wealthsimple. 9) Reflects March 31 bid price of \$65.06 per share. After-tax fair value of GWO equity interest is estimated to be \$1,253MM.

Rockefeller transaction demonstrates value for IGM shareholders

Long-term strategic investment: IGM remains Rockefeller's second-largest & sole wealth manager owner

Transaction overview¹

- Significant milestone in Rockefeller's growth trajectory
- Expanded and strengthened ownership base with addition of distinguished investors
- Continues to align management with long-term equity ownership
- Transaction included equity, debt and adjustments to management incentive programs

IGM participation and pro-forma ownership

Rockefeller recapitalization transaction **values IGM's initial equity stake at US\$1.13B**

- 1.8x gross MOIC and 26% IRR on initial US\$622MM (C\$835MM) investment²
- IGM's participation supports the evolution of Rockefeller's ownership base, crystallizes value for IGM shareholders and maintains IGM's long-term strategic ownership position
- IGM will continue to equity account for Rockefeller reflecting its significant influence

US\$282MM/C\$394MM³ (pre-tax proceeds)

Proceeds from return of capital distribution and sales proceeds

US\$847MM/C\$1.16B⁴

Equity value pro-forma transaction proceeds

17.2%

Equity interest, pro-forma cash proceeds and adjustment to certain share-based awards

Financial impact:

Use of proceeds: IGM cash proceeds of C\$394MM pre-tax (estimated after-tax ~C\$376MM) supports the repurchase of ~5.4 million IGM shares⁵, representing a notional annualized earnings equivalence of ~\$27MM⁶

2026 Rockefeller earnings: Expect continued growth in Rockefeller client assets, revenue and adjusted EBITDA in 2026.

Following the recapitalization, IGM's share of Rockefeller earnings is expected to be approximately break-even on a reported basis. Excluding the impact of certain items within the management equity program that may introduce period-to-period variability, IGM's earnings contribution from Rockefeller is expected to be consistent with full-year 2025.

As presented in Q4/25 analyst presentation.

1) See Rockefeller transaction announcement, issued on October 14, 2025. 2) Equity interest prior to transaction was 20.5%. 3) \$394MM represents pre-tax proceeds of sale and pro-rata distribution to pre-transaction Rockefeller owners. Transaction in USD and translated at a USD/CAD exchange rate of 1.40 based on date of receipt. 4) As at December 31, 2025 USD/CAD rate of 1.37. 5) Distribution and estimated after-tax proceeds of transaction to be used to support IGM Financial's 2026 NCIB share repurchase program. 5.4 million shares calculated based on estimated after-tax proceeds over current analyst consensus target price for IGM of \$69.29, as of February 6, 2026. 6) Notional annualized earnings equivalence derived from analysts consensus current 2026 EPS estimate, comparing current analyst consensus earnings and shares outstanding to earnings required to replicate the current 2026 EPS consensus estimate if shares outstanding were six million shares greater.
