Caution Concerning Forward Looking Statements

Certain statements in this report other than statements of historical fact, are forward-looking statements based on certain assumptions and reflect IGM Financial's current expectations. Forward-looking statements are provided for the purposes of assisting the reader in understanding the Company's financial position and results of operations as at and for the periods ended on certain dates and to present information about management's current expectations and plans relating to the future and readers are cautioned that such statements may not be appropriate for other purposes. These statements may include, without limitation, statements regarding the operations, business, financial condition, expected financial results, performance, prospects, opportunities, priorities, targets, goals, ongoing objectives, strategies and outlook of the Company, as well as the outlook for North American and international economies, for the current fiscal year and subsequent periods. Forward-looking statements include statements that are predictive in nature, depend upon or refer to future events or conditions, or include words such as "expects", "anticipates", "plans", "believes", "estimates", "seeks", "intends", "targets", "projects", "forecasts" or negative versions thereof and other similar expressions, or future or conditional verbs such as "may", "will", "should", "would" and "could".

This information is based upon certain material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection as reflected in the forward-looking statements, including the perception of historical trends, current conditions and expected future developments, as well as other factors that are believed to be appropriate in the circumstances.

By its nature, this information is subject to inherent risks and uncertainties that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions will not prove to be accurate, that assumptions may not be correct and that objectives, strategic goals and priorities will not be achieved.

A variety of material factors, many of which are beyond the Company's, and its subsidiaries' control, affect the operations, performance and results of the Company, and its subsidiaries, and their businesses, and could cause actual results to differ materially from current expectations of estimated or anticipated events or results. These factors include, but are not limited to: the impact or unanticipated impact of general economic, political and market factors in North America and internationally, interest and foreign exchange rates, global equity and capital markets, management of market liquidity and funding risks, changes in accounting policies and methods used to report financial condition (including uncertainties associated with critical accounting assumptions and estimates), the effect of applying future accounting changes, operational and reputational risks, business competition, technological change, changes in government regulations and legislation, changes in tax laws, unexpected judicial or regulatory proceedings, catastrophic events, the Company's ability to complete strategic transactions, integrate acquisitions and implement other growth strategies, and the Company's success in anticipating and managing the foregoing factors.

The reader is cautioned that the foregoing list of factors is not exhaustive of the factors that may affect any of the Company's forward-looking statements. The reader is also cautioned to consider these and other factors, uncertainties and potential events carefully and not place undue reliance on forward-looking statements. Other than as specifically required by law, the Company undertakes no obligation to update any forward-looking statements to reflect events or circumstances after the date on which such statements are made, or to reflect the occurrence of unanticipated events, whether as a result of new information, future events or results, or otherwise.

Additional information about the risks and uncertainties of the Company's business is provided in its disclosure materials filed with the securities regulatory authorities in Canada, available at www.sedar.com.

Non-IFRS Financial Measures

- Net earnings available to common shareholders, which is a financial measure in accordance with IFRS, may be divided into two components consisting of:
 - Operating earnings available to common shareholders; and
 - Other items, which include the after-tax impact of any item that management considers to be of a non-recurring nature or that could make the period-over-period comparison of results from operations less meaningful.
- This report may also contain non-IFRS financial measures. Non-IFRS financial measures are used to provide management and investors with additional measures of performance. However, we caution that non-IFRS financial measures do not have standard meanings prescribed by IFRS and are not directly comparable to similar measures used by other companies. Specific instances of such measures that may be referred to within this document include “Operating Earnings”, “Operating Earnings per Share” and “Earnings before Interest and Taxes”.
- We refer you to the appropriate reconciliation in the Management’s Discussion and Analysis of these non-IFRS financial measures to measures prescribed by IFRS.
- “Operating Earnings” and “Operating Earnings Per Share” for the three months ended December 31, 2011 exclude an after-tax benefit of \$5.0 million representing the Company’s proportionate share of net changes in Great-West Lifeco Inc.’s litigation provisions.
- “Operating Earnings” and “Operating Earnings Per Share” for the three months ended December 31, 2011 exclude the net earnings for M.R.S. Trust Company and M.R.S. Inc. (MRS), which have been classified as discontinued operations. On November 16, 2011, Mackenzie closed the previously announced transaction to sell MRS. Net earnings for MRS, excluding a one-time gain on sale, totaled (\$0.7) million for the three months ended December 31, 2011. During the fourth quarter of 2011, an after-tax gain on sale of \$30.3 million was recorded, earnings from discontinued operations, including the one-time gain on sale, were \$29.6 million during the three month period ended December 31, 2011.
- “Operating Earnings” and “Operating Earnings Per Share” for the three months ended March 31, 2011 exclude the net earnings for M.R.S. Trust Company and M.R.S. Inc. (MRS), which have been classified as discontinued operations. Net earnings from discontinued operations were \$0.9 million for the first quarter of 2011.

Investors Group Developments

1. Consultant Network

- Continued expansion of the Consultant Network with one new region office in Calgary announced during the first quarter which will expand our network to 107 region offices across Canada.
- During the first quarter of 2012 there was a reduction in the number of Consultants as we generally experience a seasonally slower recruiting period in the early part of the year.

2. Growth in Mortgages and Insurance

- Mortgage originations of \$589 million during Q1, 2012 (up 79% relative to Q1, 2011).
- New annualized insurance premiums of \$16.1 million during Q1, 2012 (up 8% relative to Q1, 2011).
- Total segregated fund assets of \$1.1 billion at March 31, 2012 (up 19% from \$958 million at March 31, 2011).
