Notes to the Interim Condensed Consolidated Financial Statements

MARCH 31, 2012 (unaudited) (In thousands of Canadian dollars, except shares and per share amounts)

1. CORPORATE INFORMATION

IGM Financial Inc. (the Company) is a publicly listed company (TSX: IGM), incorporated and domiciled in Canada. The registered address of the Company is 447 Portage Avenue, Winnipeg, Manitoba, Canada, R3C 3B6. The Company is controlled by Power Financial Corporation.

IGM Financial Inc. is a financial services company which serves the financial needs of Canadians through its principal subsidiaries, each operating distinctly within the advice segment of the financial services market. The Company's principal subsidiaries are Investors Group Inc. and Mackenzie Financial Corporation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The unaudited interim Condensed Consolidated Financial Statements of the Company (Interim Financial Statements) have been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting*, using the same accounting policies as set out in Note 2 to the Consolidated Financial Statements for the year ended December 31, 2011. The Interim Financial Statements should be read in conjunction with the Consolidated Financial Statements in the 2011 IGM Financial Inc. Annual Report.

Changes in accounting policies

IFRS 7 Financial Instruments Disclosures

On January 1, 2012, the Company adopted *Disclosures – Transfers of Financial Assets* (Amendments to IFRS 7). The amendments require additional disclosures related to the Company's securitization transactions (Note 6).

Future accounting changes

The Company continuously monitors the potential changes proposed by the International Accounting Standards Board (IASB) and analyzes the effect that changes in the standards may have on the Company's operations.

IAS 19 Employee Benefits

The IASB issued IAS 19 that amends the measurement, presentation and disclosure requirements for defined benefit plans. The standard is applied retroactively and is effective for periods beginning on or after January 1, 2013. The Company intends to adopt the standard effective January 1, 2013. Amendments include:

- The elimination of the deferral and amortization approach (corridor approach) for recognizing actuarial gains and losses in net earnings. Actuarial gains and losses are to be recognized immediately in Other comprehensive income (OCI). Actuarial gains and losses recognized in OCI are not reclassified to net earnings in subsequent periods. This amendment will have no impact on the Company as actuarial gains and losses are currently recognized in OCI.
- Changes in the recognition of past service costs. Past service costs resulting from plan amendments or curtailments are recognized in net earnings in the period in which the plan amendments or curtailment occurs, without regard to vesting.
- The elimination of the concept of an expected return on assets (EROA). Amended IAS 19 requires the use of the discount rate in the place of EROA in the determination of the net interest component of the pension expense.

The adoption of this standard is not expected to have a significant impact on the Company's financial position or results of operations.

Canada Mortgage Bonds

As part of the Company's interest rate risk management activities relating to its mortgage banking operations, Canada Mortgage Bonds were purchased and subsequently sold under repurchase agreements, which represent short-term funding transactions whereby the Company sells securities that it owns and commits to repurchase these securities at a specified price on a specified date in the future.

These securities had a fair value of \$223.7 million at March 31, 2012. The obligation to repurchase the securities is recorded at amortized cost and had a carrying value of \$225.0 million. The interest expense related to these obligations is recorded on an accrual basis in Net investment income and other in the Consolidated Statements of Earnings.

Fixed income securities

Fixed income securities of \$31.7 million at March 31, 2012 (December 31, 2011 – \$29.2 million) were comprised of the restructured notes of the master asset vehicle (MAV) conduits. The Company's valuation of the restructured notes of the MAV conduits was based on its assessment of the prevailing conditions at March 31, 2012.

Total impaired loans as at March 31, 2012 were \$1,986 (December 31, 2011 – \$1,078).

Total interest income on loans classified as loans and receivables was \$35.9 million (2011 – \$37.1 million). Total interest expense on obligations to securitization entities, related to securitized loans, was \$22.6 million (2011 – \$20.4 million). These amounts were included in Net investment income and other. Net investment income and other also includes mortgage banking related gains on sales and fair value adjustments, and other items.

6. SECURITIZATIONS

The Company securitizes residential mortgages through the Canada Mortgage and Housing Corporation (CMHC) sponsored National Housing Act Mortgage-Backed Securities (NHA MBS) Program and Canada Mortgage Bond (CMB) Program and through Canadian bank-sponsored asset-backed commercial paper (ABCP) programs. These transactions do not meet the requirements for derecognition as the Company retains prepayment risk and certain elements of credit risk. Accordingly, the Company has retained these mortgages on its balance sheets and has recorded an offsetting liability for the net proceeds received as Obligations to securitization entities which is carried at amortized cost.

The Company earns interest on the mortgages and pays interest on the obligations to securitization entities. As part of the CMB transactions, the Company enters into a swap whereby the Company pays coupons on CMBs and receives investment returns on the NHA MBS and the reinvestment of repaid mortgage principal. A component of this swap, related to the obligation to pay CMB coupons and receive investment returns on repaid mortgage principal is recorded as a derivative and had a negative fair value of \$57.5 million at March 31, 2012.

6. SECURITIZATIONS *(continued)*

Under the NHA MBS and CMB Program, the Company has an obligation to make timely payments to security holders regardless of whether amounts are received from mortgagors. All mortgages securitized under the NHA MBS and CMB Program are insured by CMHC or another approved insurer under the program. As part of the ABCP transactions, the Company has provided cash reserves for credit enhancement which are carried at cost. Credit risk is limited to these cash reserves and future net interest income as the ABCP Trusts have no recourse to the Company's other assets for failure to make payments when due. Credit risk is further limited to the extent these mortgages are insured.

Fair value	\$ 3,948,444	\$ 4,102,064	\$ (153,620)

The carrying value of Obligations to securitization entities, which are recorded net of issue costs, includes principal payments received on securitized mortgages that are not due to be settled until after the reporting period. Issue costs are amortized over the life of the obligation on an effective interest rate basis.

13. RELATED PARTY TRANSACTIONS

Transactions and balances with related entities

The Company entered into tax loss consolidation transactions with its parent company, Power Financial Corporation, after obtaining advance tax rulings:

- On February 23, 2011, the Company acquired \$1.0 billion of 6.01% preferred shares of a wholly-owned subsidiary of Power Financial Corporation. As sole consideration for the preferred shares, the Company issued \$1.0 billion of 6.00% secured demand debentures to Power Financial Corporation.
- On January 10, 2012, the Company acquired \$250 million of 6.01% preferred shares of a wholly-owned subsidiary of Power Financial Corporation. As sole consideration for the preferred shares, the Company issued \$250 million of 6.00% secured demand debentures to Power Financial Corporation.

The Company has legally enforceable rights to settle these financial instruments on a net basis and the Company intends to exercise these rights. Accordingly, the preferred shares and debentures and related dividend income and interest expense are offset in the Consolidated Financial Statements of the Company. Tax savings arise due to the tax deductibility of the interest expense.
