NOTES TO USERS

Cautionary Note on Financial Information

- The financial information in this document is not audited and should be read in conjunction with both the Consolidated Financial Statements for the year ended December 31, 2015 and Management's Discussion and Analysis (MD&A) for the three and twelve months ended December 31, 2015 as well as the IGM Financial Inc. 2014 Annual Report, all of which are available on the Company's website at www.igmfinc.com.

Non-IFRS Financial Measures and Additional IFRS Measures

- Net earnings available to common shareholders, which is an additional measure in accordance with IFRS, may be subdivided into two components consisting of:
 - Operating earnings available to common shareholders; and
 - Other items, which include the after-tax impact of any item that management considers to be of a non-recurring nature or that could make the period-over-period comparison of results from operations less meaningful.
- "Operating earnings available to common shareholders", "operating diluted earnings per share" (EPS) and "operating return on average common equity" (ROE) are non-IFRS financial measures which are used to provide management and investors with additional measures to assess earnings performance. These non-IFRS financial measures do not have standard meanings prescribed by IFRS and may not be directly comparable to similar measures used by other companies.
- "Earnings before interest and taxes" (EBIT), "earnings before interest, taxes, depreciation and amortization" (EBITDA) and "adjusted earnings before interest, taxes, depreciation and amortization" (Adjusted EBITDA) are also non-IFRS financial measures. EBIT, EBITDA and Adjusted EBITDA are alternative measures of performance utilized by management, investors and investment analysts to evaluate and analyze the Company's results. EBITDA is a common measure used in the asset management industry to assess profitability before the impact of different financing methods, income taxes, depreciation of capital assets and amortization of intangible assets. Other items of a non-recurring nature, or that could make the period-over-period comparison of results from operations less meaningful, are further excluded to arrive at Adjusted EBITDA. These non-IFRS financial measures do not have standard meanings prescribed by IFRS and may not be directly comparable to similar measures used by other companies.
- "Earnings before income taxes" and "net earnings available to common shareholders" are additional IFRS measures which are used to provide management and investors with additional measures to assess earnings performance. These measures are considered additional IFRS measures as they are in addition to the minimum line items required by IFRS and are relevant to an understanding of the entity's financial performance.
- We refer you to the MD&A for reconciliation of non-IFRS financial measures to measures prescribed by IFRS.

OTHER ITEMS

- Other items for the three month period ending December 31, 2015 consisted of an after-tax charge of \$24.3 million related to restructuring and other charges. This amount primarily reflects severance and payments to third parties related to exiting certain investment management activities and third party back office relationships. The largest components of these activities relate to:
 - Mackenzie - closing the investment management office in Singapore as well as implementing other personnel changes, in order to redeploy resources towards other corporate priorities, which management believes will provide greater benefits to Mackenzie over time.
 - Investors Group - introducing a new in-house dealer platform for nominee accounts and exiting its current relationship with its third party carrying broker. This new platform will enhance the service experience to Consultants and clients and is intended to achieve efficiencies over the long term.
- Other items for the three month period ending December 31, 2014 consisted of an after-tax charge of \$59.2 million related to estimated distributions to clients, as well as other costs. This estimate consisted primarily of distributions to be made in 2015 to clients with household investments in Investors Group funds in excess of \$500,000, who did not transfer to lower fee investment solutions when eligible.
- Other items for the three month period ending June 30, 2014 consisted of an after-tax charge of \$13.6 million related to restructuring and other charges.
- Other items for the three month period ending December 31, 2013 consisted of the following:
 - An after-tax charge of \$10.6 million related to restructuring and other charges.
 - An after-tax benefit of \$9.0 million representing the Company's proportionate share of net changes in Great-West Lifeco Inc.'s litigation provisions.
