IGM FINANCIAL SUPPLEMENTAL INFORMATION (UNAUDITED)

MACKENZIE

Investment Planning Counsel[®] \circledast

NOTES TO USERS

Cautionary Note on Financial Information

The financial information in this document is not audited and should be read in conjunction with both the Interim Condensed Consolidated Financial Statements (Interim Financial Statements) and Management's Discussion and Analysis (MD&A) for the three and nine months ended September 30, 2018 as well as the IGM Financial Inc. 2017 Annual Report, all of which are available on the Company's website at www.igmfinancial.com.

Non-IFRS Financial Measures and Additional IFRS Measures

- > Net earnings available to common shareholders, which is an additional measure in accordance with IFRS, may be subdivided into two components consisting of:
 - Adjusted net earnings available to common shareholders; and
 - Other items, which include the after-tax impact of any item that management considers to be of a non-recurring nature or that could make the periodover-period comparison of results from operations less meaningful.
- Adjusted net earnings available to common shareholders", "adjusted diluted earnings per share" (EPS) and "adjusted return on average common equity" (ROE) are non-IFRS financial measures which are used to provide management and investors with additional measures to assess earnings performance. These non-IFRS financial measures do not have standard meanings prescribed by IFRS and may not be directly comparable to similar measures used by other companies.
- "Earnings before interest and taxes" (EBIT), "earnings before interest, taxes, depreciation and amortization before sales commissions" (EBITDA before sales commissions) and "earnings before interest, taxes, depreciation and amortization after sales commissions" (EBITDA after sales commissions) are also non-IFRS financial measures. EBIT, EBITDA before sales commissions and EBITDA after sales commissions are alternative measures of performance utilized by management, investors and investment analysts to evaluate and analyze the Company's results. The two EBITDA measures have been introduced following the adoption of IFRS 15. EBITDA before sales commissions excludes all mutual fund sales commissions and is comparable to prior periods. EBITDA after sales commissions includes all sales commissions and highlights aggregate cash flows. Other items of a non-recurring nature, or that could make the period-over-period comparison of results from operations less meaningful, are further excluded to arrive at EBITDA before sales commissions and EBITDA after sales commissions. These non-IFRS financial measures do not have standard meanings prescribed by IFRS and may not be directly comparable to similar measures used by other companies.
- "Earnings before income taxes" and "net earnings available to common shareholders" are additional IFRS measures which are used to provide management and investors with additional measures to assess earnings performance. These measures are considered additional IFRS measures as they are in addition to the minimum line items required by IFRS and are relevant to an understanding of the entity's financial performance.
- > We refer you to the MD&A for reconciliation of non-IFRS financial measures to measures prescribed by IFRS.

NOTES TO USERS

Changes in Accounting Policies

.

- > On January 1, 2018 the Company has adopted IFRS 9 *Financial Instruments* which replaces IAS 39, *Financial Instruments: Recognition and Measurement.*
 - The adoption of IFRS 9 has resulted in several changes to how the Company accounts for its mortgage banking operations:
 - Loans of \$282.6 million previously classified as held for trading were reclassified to amortized cost. This resulted in a total remeasurement of \$49.7 million due to the reversal of unrealized losses included in the carrying value of the loans and the capitalization of previously expensed mortgage issue costs. This remeasurement amount of \$49.7 million will reduce mortgage banking income over the life of the related loans.
 - The Company has adopted the hedge accounting requirements of IFRS 9 as outlined in Note 2 to the Interim Financial Statements.
 - Securities of \$19.9 million were reclassified from available for sale to fair value through profit or loss (FVTPL) and the Company elected to classify securities of \$262.8 million at fair value through other comprehensive income (FVTOCI) as a result of the adoption of IFRS 9.
 - The cumulative impact from the Company's application of IFRS 9 has resulted in an after tax increase to opening retained earnings of approximately \$36.3 million (\$49.7 million before tax) as at January 1, 2018.
- On January 1, 2018 the Company has adopted IFRS 15 which outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. The standard outlines various criteria for the eligibility of capitalizing contract costs.
 - Commissions are paid on investment product sales where the Company either receives a fee directly from the client (UNBUNDLED product sales) or where it receives a fee directly from the mutual fund (BUNDLED product sales). The application of IFRS 15 has resulted in a change to the accounting policy related to the Company's commission expense as follows:
 - Commissions that are paid on investment product sales where the Company receives a fee directly from the client are capitalized and amortized over their estimated useful lives, not exceeding a period of seven years.
 - All other commissions paid on investment product sales are expensed as incurred.
 - Capitalized sales commissions of \$703.5 million were derecognized as they related to commissions paid on sales where the customer was the investment fund. This resulted in a decrease to the Company's deferred income taxes liability of \$188.9 million.
 - The cumulative impact from the Company's application of IFRS 15 has resulted in an after tax decrease to opening retained earnings of approximately \$514.6 million (\$703.5 million before tax) as at January 1, 2018.

The company has elected not to restate its comparative financial information for the effects of applying IFRS 9 and IFRS 15. Refer to Note 2 of the Interim Financial Statements and the MD&A for the three and nine months ended September 30, 2018 for additional information.

OTHER ITEMS

- > Other items for the three month period ending September 30, 2018 consisted of :
 - Restructuring and other charges of \$16.7 million after-tax (\$22.7 million pre-tax) resulting from the re-engineering of North American equity offerings and associated personnel changes, as well as other initiatives to improve the Company's offerings and operational effectiveness.
 - A premium of \$7.8 million after-tax (\$10.7 million pre-tax) paid on the early redemption of the \$375 million 7.35% debentures on August 10, 2018.
- > Other items for the three month period ending December 31, 2017 consisted of :
 - Restructuring and other charges of \$126.8 million after-tax (\$172.3 million pre-tax) resulting from efforts in respect of the implementation of a number of initiatives to assist in the Company's operational effectiveness.
 - An after-tax charge of \$14.0 million representing the Company's proportionate share in Great-West Lifeco Inc.'s charges related to the impact of the United States tax reforms and the pending sale of an equity investment.
- > Other items for the three month period ending June 30, 2017 consisted of :
 - Favourable revaluation of the Company's registered pension plan obligation of \$36.8 million after-tax (\$50.4 million pre-tax), reflecting a new policy related to the granting of benefit increases at the Company's discretion.
 - Restructuring and other charges including severance and termination costs largely associated with the reduction of our region office footprint of \$16.8 million after-tax (\$23.0 million pre-tax).
 - An after-tax charge of \$5.1 million representing the Company's proportionate share in Great -West Lifeco Inc.'s restructuring provision.
- Other items for the three month period ending December 31, 2016 consisted of a favourable change in income tax provision estimates related to certain tax filings of \$34.0 million.

1. In October 2017, the investment management functions of IG Wealth Management Group and Mackenzie consolidated to form a single global investment management organization under Mackenzie to support both companies. Effective October 1, 2017, Mackenzie's segment excludes investment advisory mandates to IG Wealth Management funds. Revenue earned on these mandates are no longer reflected within Mackenzie's segment revenues. With these changes, Mackenzie's segment will reflect its proportionate share of the expenses of the investment management function going forward to better align with internal reporting. The impact of these changes in segment earnings is not significant. Prior period earnings have not been restated.

Effective October 1, 2017, Mackenzie segment has been redefined to exclude advisory mandates to IG Wealth Management Group funds from its assets under management and net sales. This change has been applied retroactively to provide comparability of results.

1. Investment fund assets under management and investment fund net sales eliminate double counting of Mackenzie mutual fund investments in ETFs.
